DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

ADA, OKLAHOMA, TUESDAY EVENING, SEPTEMBER 29, 1908

NUMBER 154

MANY INVITATIONS

Guthrie, Ok., Sept. 28.—Gov. Haskell has upon his desk sixty-nine invitations to make speeches in the campaign, all of which are said to have reached his office since his

announcement of retirement as treasurer of the national democratic committee. The invitations come from as far east as Massachusetts, and as far west as California. His disposition toward them has not been decided. Several days ago he was requested to make a speech in Dallas, Oct. 30, but declined. He was in receipt of a telegram from Dr. Rosser today requesting him to hold final decision until the latter's letter reached here. I. L. Stearns, president of the Bryan and Kern democratic club of Salem, Va., called personally today and extended an invitation to speak there.

"President Roosevelt will not be overlooked," said the governor when told of the president's letter to Mr. Bryan, published today, wherein some space was given Gov. Haskell, and added that he would give the communication, as far as it applied to him, attention tomorrow.

It was reported from Chicago that Gov. Haskell contemplated action against the president for utterances the latter is alleged to have made in correspondence heretofore given out. When asked what his course would be, the governor stated that he was having the matter looked up, desiring to first determine to just what extent the law protected a president of the United States. As to other persons alleged to have also used statements derogatory to him, the governor had nothing to announce.

"If president Roosevelt should come to Oklahoma to dip into the campaign," added the governor, "I would like to have him divide the platform time with me, and if it would be any inducement, I would be willing to pay his expenses to the state."

State Treasurer Menefee, who accompanied Gov. Haskell to Chicago last week and was present when his resignation was determined upon, returned to Guthrie today, and says that Mr. Bryan's chances have not been disturbed by the Haskell resignation. John B. Doolin of Alva, assistant treasurer of the National committee, it is understood, will return to Oklahoma.

CALL TO BRYAN DEMOCRACY

Democratic State and County Committeemen and Presidents of Local Democratic Clubs
Call Meeting.

The governor of Oklahoma, Hon. C. N. Haskell, through the operation of the Oklahoma brand of republican politics emanating from the White House through the utterances of his excellency, Theodore Roosevelt, has lately been slandered and maligned in a manner which reflects in particular on the integrity and intelligence of the people of Oklahoma who placed Mr. Haskell in the governor's chair by a majority of 30,000 votes.

William J. Bryan, the leading citizen of the nation, has been unwarrantedly, through coarsest subterfuge, the subject of vicarious condemnation by the president, because of his love for Oklahoma as vouchsafed through his award of confidence in Oklahoma's governor.

In behalf of the integrity of our people, and in our regard for the

right kind of "moral uplift" and in honest indignation against those whether in high or low position, who would convict the governor of this state without proof or knowledge, of tainted or criminal action, and in further consideration that such attempt undertakes to reflect on William J. Bryan, we the undersigned democrats, call a meeting of all the democracy within reach to assemble at the court house this evening at 8 o'clock for the purpose of passing whatever resolutions and transacting whatever business its majority disposition should determine.

This the 29th day of September.

ATTEMPTED BRIBERY.

Salem, N. D., Sept. 28.—While traveling with William J. Bryan from Sioux Falls to Mitchell, former Senator R. F. Pettigrew today publicly announced that four years ago he had been approached by the republican national committee through a former United States senator with an offer of \$10,000 if he would deliver ten speeches at such places as the committee would dictate in support of the candidacy of Thomas Watson of Georgia, the People's party candidate for the presidency.

Mr. Pettigrew said that with the view to ascertaining what was behind the offer, he wrote his senator friend and asked him if the amount could not be increased to \$20,000, but the

reply was that they were not inclined to give one man that much. Senator Pettigrew declared that he declined the offer and conducted an investigation with the result that satisfied himself that the republican party financed in a large measure Mr. Watson's campaign.

Special Session Choctaw Legislature.

Atoka, Ok., Sept. 28.—Notice has been given of a special session of the Choctaw Legislature to be held in Tushkahoma on Oct. 5. It is believed a protest will be made against the payment of state taxes on land so long as it remains in the title of the Indian allottee, whether his restrictions have been removed or not. The legislature will also consider plans to carry the questions through the courts.

Merchants should advertise liberally for trade this season. There are several competitors for business that should come to Ada, but it is not likely to do so without inducements. The Weekly News is a medium unsurpassed through which to reach this trade.

The News is rushed with work, but having superior facilities and an efficient force, it all can be handled, as well as any other work sent in. There are now twelve people employed in the News office, making it one of the important industrial factors of Ada.

The republicans declare that they will reform the tariff and do most of the other things that Bryan promises to do and then they bob up with the question: What could Mr. Bryan accomplish with a republican senate? Surely these patriotic statesmen in the senate wouldn't vote against their convictions just to spite Mr. Bryan.—Grady County Express.

The republicans are not sincere

in their professions for tariff reform. They tell the protectionist that the republican party is their friend, so entitled to the support of the special interests, while to the people, the assertion is made that the republican party favors tariff revision.

There is no let up throughout the state in the agitation for better dirt roads. It has been clearly demonstrated that good roads are the means of advancing the farming interests and take from the shoulders of the farmers the heaviest tax that they have to pay. Co-operation on the part of the business men, the people living along any highway and the county commissioners will result in a wonderful improvement in the condition of the roads leading into any town.—Denison Herald.

A truth that cannot be too often told and in addition to the comfort, convenience and advantage of good dirt roads, is the improvement started in other directions. With good roads, come better houses, well-kept premises and signs of thrift on every hand. Painting is done, whitewashing freely used, flowers and shrubbery planted, orchards put out, and better stock is kept, because the work is not so hard. Good roads are great civilizers and developers.

Tickling or dry cough will quickly loosen when using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Remedy. It calms the cough, and heals sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Accept no other. Sold by G. M. Ramsey.

MUNNETT TO SPEAK FOR BRYAN

Chicago, Ill., Sept. 28.—Francis S. Monnett, former attorney general of Ohio, came to Chicago today to take the stump for W. J. Bryan and contributed to the political literature of the day a most interesting production—his opinion of W. H. Taft as a "trust buster."

Until Mr. Haskell had been eliminated from the management of the democratic campaign, Mr. Monnett did not volunteer to take the stump for Mr. Bryan.

Now he regards the Haskell matter as a "closed incident," and is content to await the outcome of a fair trial.

Four years ago, as an inveterate foe of trusts, he supported Roosevelt. Now he is an ardent Bryan advocate, for the following reasons, as he tersely expressed them:

"W. H. Taft is honest, but lacks initiative, and, in my opinion, would do nothing to destroy the trusts if elected president.

"For twelve years he was judge of the federal court in Ohio, where the mother of all trusts was growing up, corrupting the state courts and the legislature, and he did nothing to prevent it, although as judge instructing grand juries, he had more direct power than he would have as president.

"For fifteen years he has been socially intimate with the men that run trusts; has wine and dined with them.

"While Mr. Taft was at the club, the trust weeds grew up in his front yard. He did nothing to cut them down, and his record gives me good ground for predicting that he would do nothing is president."

National Convention of Unemployed.

New York, Sept. 28.—An extraordinary gathering began here today, made up of delegates from various parts of the country, to take part in a four days' conference. They came on the brake-beams of freight cars, on the blind baggage of the swift express or staggered in over dusty roads. They profess to represent the country's workless and to constitute the "first National convention of the unemployed."

Do not fail to be on hand at the Democratic mass meeting tonight. It is for all William J. Bryan democrats.

MANY DEATHS AT OKLAHOMA CITY.

Eleven There Within the Past Two Weeks.

Oklahoma City, Sept. 29.—Hidden beneath a clump of persimmon branches on a vacant lot at the corner of Russell and Reno streets, 150 yards north of the circus grounds, near Delmar Garden, the dead body of an unidentified man was found Sunday afternoon by George Swanda, 13-year-old son of Frank Swanda, who resides at the corner of Clegern and Reno. It is believed that the stranger was murdered while the Rindling circus was here, last Wednesday.

This makes the eleventh death from unnatural causes in Oklahoma City within the last two weeks.

PRESS COMMENT.

Of course it is not incumbent on the president of the United States to remain perfectly cool during a hot campaign, but he certainly is expected to keep his shirt on.—Dallas News.

The enthusiasm with which Mr. Bryan was greeted in the East was equally striking and significant as the apathy that prevails in the West over Taft's candidacy. Yes, the political pendulum is swinging Bryanward.—Grady County Express.

Mr. Roosevelt has kicked Chairman Hitchcock out of the way, ordered Taft onto the stump, laid his trusty pen where it's handy, is engaged in arranging an itinerary of his own, and otherwise is giving evidence of preparing to inject a little ginger into the campaign.—Oklahoman.

Close your eyes and try to put the tips of the fingers of your right hand on the tips of the fingers of your left hand. If you can do it you are not drunk; if you can't your are. You may have occasion to determine some time, and that's the way they do down in Georgia after six glasses of near beer.—Ardmoreite.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

King Comedy Company.
The King Comedy Company opened at the Airdome last evening to a fair sized audience and the entire performance pleased immensely. The program consists of eight advanced vaudeville and farce comedy acts and was a scream from start to finish. The pretty and accomplished King sisters proved themselves to be capital dancers and vocalists of rare ability.

Richard Harding, the principal comedian, kept his audience in an uproar of laughter and he also dances well.

The musical Wolfs' novel act met with instant approval and were compelled to respond to repeated encores.

Rolitaire, the magician, also proved to be very clever. His work is at once clean, clever and convincing. Donnell in his novelty contortion act was good as was also Julian Bebe in his horizontal bar and physical culture feats.

Taking it all in all it was one of the best shows of the season and should play to big houses the rest of the week. There will be an entire change of program tonight in which the company will introduce a grand spectacular minstrel first part.

Home Mission Society.

The members of the Home Mission Society have been asked to observe the first week in October as a week of prayer and free will offering. If you are interested, you will want to come, if you are not interested, come and let us pray over your indifference. If you are a member of the Methodist church and not of the Home Mission Society, come and hear the work described and learn your duty. You do not believe in the Home Mission Society. Well, if you are a Christian, you believe in prayer and the salvation of souls and that is all the Home Mission Society stands for. There is no excuse to remain away, and we beg you to come.

MINISTERS ARE STIRRED UP

Guthrie, Ok., Sept. 28.—Disclosures of a startling nature, with reference to a crusade planned by the Ministerial Alliance of this city against the municipal authorities for alleged failure to observe the law of decency and morality, were made this afternoon after the Rev. E. E. Fairchild, pastor of the M. E. church, had been subpoenaed to appear before County Judge Strang to testify to a sensational sermon delivered from his pulpit last night.

Revelation of the plans of the clergymen was made by a reporter for a local paper whose "copy" contained more than the ministers cared to divulge. A prominent member of the alliance is E. D. Cameron, state school superintendent and pastor of the First Baptist church.

The Rev. Mr. Abernathy, pastor of the M. E. church, south, a new comer in the capital, is authority for the statement that a young woman of respectable character was taken to a resort recently and kept there all night. When she awoke in the morning she cried pitifully and finally escaped. According to the minister's information the girl was arrested by a policeman and taken back to the resort.

Abernathy in a closed carriage took the girl from the house to the refuge home in the outskirts of the city. The young woman was but scantily clothed and heart-broken over her ruin.

The ministers are hearty in their denunciation of the chief of police, John Mitchell. They were preparing to make formal charges against his integrity, according to one of the alliance, but what effect the accidental publicity of the plans will have could not be predicted.

"I am indeed sorry the story got out today," said superintendent Cameron. "We were planning a systematic fight."

Testifying before Judge Strang this afternoon, the Rev. Mr. Fairchild denied many of his reported utterances. He quoted N. P. B. for a statement of his congregation as denouncing the failure of Judge Strang to sentence Mayor C. M. Barnes, ex-governor, who was convicted over a month ago of gambling.

ALSO SENATOR OWEN.

His Name Appears on the Application With Haskell and Bixby.

Lincoln, Neb., Sept. 28.—Gov. Haskell of Oklahoma was defended today by United States Senator Robert L. Owen of Oklahoma in a speech, during which he declared that Tams Bixby, President Roosevelt's representative in Oklahoma, also signed his name to an application to the so-called Citizens' Alliance movement.

"The photographs of the signatures to the application for membership in the so-called Citizens' Alliance," said Mr. Owen, "where Haskell's name appears at the top, has at the foot of the same page the name of Tams Bixby, chairman of the Dawes commission and the president's special representative in charge of Indian Territorial affairs during the whole of Roosevelt's administration up to the time of statehood. Bixby was not rebuked by the president, and he did not deserve a rebuke."

BRYAN ASKS FAVOR

Elkpoint, S. D., Sept. 28.—Conducting a one-day campaign in South Dakota today, William J. Bryan poured volleys of criticism into the republican platform, Mr. Taft and President Roosevelt. He covered a good deal of ground in the state and tonight stopped in Sioux City, Iowa, whence he will leave at 5 o'clock in the morning for Rock Island, Ill.

The expectation was to catch a night train for the Illinois city, but speeches along the line so delayed the democratic candidate that he could not make connection at Sioux City until in the morning. Mr. Bryan spoke several times, his principal remarks being at Mitchell, Yankton, Vermillion and Peruvle. His arguments today were on the trusts, guaranty of bank deposits and publicity of campaign contributions before election. He denounced President Roosevelt, whom he said, had failed to land any trust magnate in the penitentiary. He criticised Taft for doling his platform. The fact that South Dakota was carried for the National ticket in 1896 was referred to by Mr. Bryan, and he appealed for that support again on the ground that the democratic party promised real reform, while the republican party could not be expected to do anything in that direction.

Large Crowds Turn Out.

At every place visited by the democratic candidate, or where his train stopped for a short time, he was met by a large and enthusiastic crowd, a strong wintry blast which did not seem to affect either the candidate or his audience. Observing, at Mitchell, that the windows of stores and houses were placarded with lithographs of himself, Mr. Bryan, in the course of his remarks there, urged the people to remove them tonight and hang up in their stead pictures of Mr. Taft, and thus "show him the same courtesy that you have shown me."

He said he took it for granted that the compliment paid him was not a private one, but it was to the fact that he was a candidate for the highest office, he said, and "one of us will be elected. As no one can tell yet with certainty which will be elected, you had better tack up both alike if you would be on the safe side."

LEADERS WARN ROOSEVELT

Washington, Sept. 28.—It is known that influential republican leaders have advised President Roosevelt not to make further reply to anything Mr. Bryan may have to say to him. It is also true that letters and telegrams from republicans in every doubtful state have been received at national headquarters, protesting against the president writing more letters. Indeed, it was these letters from so many republicans in doubtful states which induced republican managers to advise the president not to write more, no matter how great be the provocation.

It is not known whether Mr. Roosevelt will heed the advice which has been given him. He does not realize, probably, that every time he writes a letter to Mr. Bryan the effect is to make the voters forget that such a man as Judge Taft is a candidate this year. In addition, it is recognized that Mr. Roosevelt does not wield as trenchant a pen as is shown by Mr. Bryan, a fact most signally illustrated by Mr. Bryan's letter published Sunday.

Opposition to Cannon.

Positive information has been received here to the effect that twelve republicans, members of congress who are candidates for re-election, have pledged themselves not to vote for Mr. Cannon for re-election to the speakership, and to refrain from going into the caucus for the nomination of speaker if his name is to be presented. The names of the representatives who have given this pledge are not made public, as it is feared it would injure them with Speaker Cannon, when he goes to make up committees, if he should be chosen again, but they are said to be from Wisconsin, Minnesota, Iowa and Kansas. It is said other candidates for re-election have declared they will not vote for Mr. Cannon even though he receives the caucus nomination. If no more than a dozen republican members refuse to vote to make Mr. Cannon speaker again, his defeat would not be an unlikely matter. While Mr. Bryan may be defeated, it is not at all probable that the republicans will carry the next house by anything like the majority they now have, which approximates fifty.

"LET THE PEOPLE RULE,"

Appeal to Democrats for Bryan and Kern Campaign Fund, from the Democratic National Committee.

There are no secrets in this campaign. Strictly practicing what he preaches, Mr. Bryan would not win victory with tainted money paying the election expenses.

Not a dollar is to be accepted which requires any promise, either express or implied, other than for honest, impartial government.

Mr. Bryan will enter the White House absolutely free from entangling alliances, free to serve all classes of honest citizens alike, or he will not enter it at all.

Hence the course is plain. The campaign of Bryan and Kern must be conducted by the people.

The people must pay the necessary campaign expenses if they want public servants who will serve their interests.

Special interests and favored classes, having secured "swollen fortunes" by purchasing favors in the past with millions contributed to control elections, stand ready to give millions more for continued favors. But that class never gives a dollar unless it buys a pledge.

Mr. Bryan says, from March 4th, 1909, "Let the People Rule."

This can come only if the people pay their own bills, and control their own elections.

"Beware of the trusts bearing gifts."

That policy of the favored few buying a mortgage on the government meant that the candidate for president knew a few people only in an entire state.

Bryan says, "We will take the cause of people's rule home to the people in every county."

You can serve the grand cause of popular government through the columns of your paper. It reaches the fireside of the patriot who loves his country for his country's good; as distinguished from the greedy possessor of swollen fortunes who loves his country only for his country's goods.

Creek Council to Meet.

Oklmulgee, Ok., Sept. 28.—The Creek council will meet Wednesday next in the old Creek capitol which has housed so many gatherings of the lawmaking body of the Creek nation ever since its erection in 1878. It is expected the council will be in session for 30 days. The interior department at Washington will be memorialized and resolved on many matters and it is thought some action will be taken at this session with reference to the disposition of the capitol building. Many favor it becoming the property of an historical society to be created to gather material of Indian interest.

GUFFEY IS ACCUSED.

Thought to Have Instigated Charges Against Haskell.

Philadelphia, Sept. 28.—There was a rumor current today that Colonel J. M. Guffey, as a Standard Oil man, had given the information to Mr. Hearst to expose Haskell. This was told to James Kerr, who yesterday had a conference with National Chairman Mack in this city.

"How should I know?" was Mr. Kerr's answer when asked if he thought the report was true.

It was pointed out that Guffey could have taken no more effective means of striking back at Haskell and Bryan to settle old scores for what happened at Denver than to have placed the information at Hearst's disposal.

Mr. Kerr after leaving Mr. Mack, who returned immediately to New York, was not disposed to enter into any detailed discussion of the conference or the present Haskell troubles.

"Did you agree with Mr. Mack, that Governor Haskell should be forced to resign?" Mr. Kerr was asked.

"If he is guilty he should resign."

"Do you think him guilty?"

"I do not know enough of the facts."

Mr. Kerr declared that he knew that the United States Steel Corporation was putting up funds to run Taft's campaign. He refused to go into details on the subject.

Olustee, Ok., Sept. 28.—While ascending the steps of his half dugout at Fullerton this morning for the purpose of shooting at a hawk, Wilson Logan accidentally shot and instantly killed his wife, who was standing in the doorway. The weapon was a shotgun and the entire discharge of bird shot entered her breast. An inquest was held this afternoon and Logan was exonerated. Mr. and Mrs. Logan had been married but a few weeks.

Over 3,000 Men Killed.

Washington, D. C., Sept. 28.—Accidents in the coal mines of the United States during the last calendar year resulted in the death of 3,125 men and injury to 5,314 more, according to statistics just made public by the geological survey. The death record among the coal miners during the year was greater by 1,033 than in 1906, and said to have been the worst year in the history of the coal mining industry. The figures do not represent the full extent of the disasters, as the reports were not received from certain states having no mine inspectors.

If Taft is a Unitarian and if Unitarians teach that Christ is not divine and was not the son of God, then no Christian should vote for Taft, I can not give my sanction for any such man to rule me, for my faith in the divine son of God is my life's hope."

announcement of retirement as treasurer of the national democratic committee. The invitations come from as far east as Massachusetts, and as far west as California. His disposition toward them has not been decided. Several days ago he was requested to make a speech in Dallas, Oct. 30, but declined. He was in receipt of a telegram from Dr. Rosser today requesting him to hold final decision until the latter's letter reached here. I. L. Stearns, president of the Bryan and Kern democratic club of Salem, Va., called personally today and extended an invitation to speak there.

"President Roosevelt will not be overlooked," said the governor when told of the president's letter to Mr. Bryan, published today, wherein some space was given Gov. Haskell, and added that he would give the communication, as far as it applied to him, attention tomorrow.

It was reported from Chicago that Gov. Haskell contemplated action against the president for utterances the latter is alleged to have made in correspondence heretofore given out. When asked what his course would be, the governor stated that he was having the matter looked up, desiring to first determine to just what extent the law protected a president of the United States. As to other persons alleged to have also used statements derogatory to him, the governor had nothing to announce.

"If president Roosevelt should come to Oklahoma to dip into the campaign," added the governor, "I would like to have him divide the platform time with me, and if it would be any inducement, I would be willing to pay his expenses to the state."

State Treasurer Menefee, who accompanied Gov. Haskell to Chicago last week and was present when his resignation was determined upon, returned to Guthrie today, and says that Mr. Bryan's chances have not been disturbed by the Haskell resignation. John B. Doolin of Alva, assistant treasurer of the National committee, it is understood, will return to Oklahoma.

CALL TO BRYAN DEMOCRACY

Democratic State and County Committeemen and Presidents of Local Democratic Clubs
Call Meeting.

The governor of Oklahoma, Hon. C. N. Haskell, through the operation of the Oklahoma brand of republican politics emanating from the White House through the utterances of his excellency, Theodore Roosevelt, has lately been slandered and maligned in a manner which reflects in particular on the integrity and intelligence of the people of Oklahoma who placed Mr. Haskell in the governor's chair by a majority of 30,000 votes.

William J. Bryan, the leading citizen of the nation, has been unwarrantedly, through coarsest subterfuge, the subject of vicarious condemnation by the president, because of his love for Oklahoma as vouchsafed through his award of confidence in Oklahoma's governor.

In behalf of the integrity of our people, and in our regard for the

right kind of "moral uplift" and in honest indignation against, those whether in high or low position, who would convict the governor of this state without proof or knowledge, of tainted or criminal action, and in further consideration that such attempt undertakes to reflect on William J. Bryan, we the undersigned democrats, call a meeting of all the democracy within reach to assemble at the court house this evening at 8 o'clock for the purpose of passing whatever resolutions and transacting whatever business its majority disposition should determine.

ATTEMPTED BRIBERY.

Salem, N. D., Sept. 28.—While traveling with William J. Bryan from Sioux Falls to Mitchell, former Senator R. F. Pettigrew today publicly announced that four years ago he had been approached by the republican national committee through a former United States senator with an offer of \$10,000 if he would deliver ten speeches at such places as the committee would dictate in support of the candidacy of Thomas Watson of Georgia, the People's party candidate for the presidency.

Mr. Pettigrew said that with the view to ascertaining what was behind the offer, he wrote his senator friend and asked him if the amount could not be increased to \$20,000, but the

reply was that they were not inclined to give one man that much. Senator Pettigrew declared that he declined the offer and conducted an investigation with the result that satisfied himself that the republican party financed in a large measure Mr. Watson's campaign.

Merchants should advertise liberally for trade this season. There are several competitors for business that should come to Ada, but it is not likely to do so without inducements. The Weekly News is a medium unsurpassed through which to reach this trade.

The News is rushed with work, but having superior facilities and an efficient force, it all can be handled, as well as any other work sent in. There are now twelve people employed in the News office, making it one of the important industrial factors of Ada.

The republicans declare that they will reform the tariff and do most of the other things that Bryan promises to do and then they bob up with the question: What could Mr. Bryan accomplish with a republican senate? Surely these patriotic statesmen in the senate wouldn't vote against their convictions just to spite Mr. Bryan.—Grady County Express.

The republicans are not sincere

in their professions for tariff reform. They tell the protectionist that the republican party is their friend, so entitled to the support of the special interests, while to the people, the assertion is made that the republican party favors tariff revision.

There is no let up throughout the state in the agitation for better dirt roads. It has been clearly demonstrated that good roads are the means of advancing the farming interests and take from the shoulders of the farmers the heaviest tax that they have to pay. Co-operation on the part of the business men, the people living along any highway and the county commissioners will result in a wonderful improvement in the condition of the roads leading into any town.—Denison Herald.

A truth that cannot be too often told and in addition to the comfort, convenience and advantage of good dirt roads, is the improvement started in other directions. With good roads, come better houses, well-kept premises and signs of thrift on every hand. Painting is done, whitewashing freely used, flowers and shrubbery planted, orchards put out, and better stock is kept, because the work is not so hard. Good roads are great civilizers and developers.

Tickling or dry cough will quickly loosen when using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing medicinal shrub gave the curative properties to Dr. Shoop's Cough Remedy. It cures the cough, and heals sensitive bronchial membranes. No opium, no choleraform, nothing harsh used to injure or suppress. Demand Dr. Shoop's Remedy no other. Sold by G. M. Ramsey.

ADA TITLE AND TRUST CO., AGENTS

MUNEIT TO SPEAK FOR BRYAN

Chicago, Ill., Sept. 28.—Francis S. Munnett, former attorney general of Ohio, came to Chicago today to take the stump for W. J. Bryan and contributed to the political literature of the day a most interesting production—his opinion of W. H. Taft as a "trust buster."

Until Mr. Haskell had been eliminated from the management of the democratic campaign, Mr. Munnett did not volunteer to take the stump for Mr. Bryan.

Now he regards the Haskell matter as a "closed incident," and is content to await the outcome of a fair trial.

Four years ago, as an inveterate foe of trusts, he supported Roosevelt. Now he is an ardent Bryan advocate, for the following reasons, as he tersely expressed them:

"W. H. Taft is honest, but lacks initiative, and, in my opinion, would do nothing to destroy the trusts if elected president.

"For twelve years he was judge of the federal court in Ohio, where the mother of all trusts was growing up, corrupting the state courts and the legislature, and he did nothing to prevent it, although as judge instructing grand juries, he had more direct power than he would have as president.

"For fifteen years he has been socially intimate with the men that run trusts; has wine and dined with them.

"While Mr. Taft was at the club, the trust weeds grew up in his front yard. He did nothing to cut them down, and his record gives me good ground for predicting that he would do nothing is president."

National Convention of the Unemployed.

New York, Sept. 28.—An extraordinary gathering began here today, made up of delegates from various parts of the country, to take part in a four days' conference. They came on the brake-beams of freight cars, on the blind baggage of the swift express or staggered in over dusty roads. They profess to represent the country's workless and to constitute the "first National convention of the unemployed."

Do not fail to be on hand at the Democratic mass meeting tonight. It is for all William J. Bryan advocates.

MANY DEATHS AT OKLAHOMA CITY.

Eleven There Within the Past Two Weeks.

Oklahoma City, Sept. 29.—Hidden beneath a clump of persimmon branches on a vacant lot at the corner of Russell and Reno streets, 150 yards north of the circus grounds, near Delmar Garden, the dead body of an unidentified man was found Sunday afternoon by George Swanda, 14-year-old son of Frank Swanda, who resides at the corner of Clegren and Reno. It is believed that the stranger was murdered while the blinding circus was here, last Wednesday.

This makes the eleventh death from unnatural causes in Oklahoma City within the last two weeks.

PRESS COMMENT.

Of course it is not incumbent on the president of the United States to remain perfectly cool during a hot campaign, but he certainly is expected to keep his shirt on.—Dallas News.

The enthusiasm with which Mr. Bryan was greeted in the East was equally striking and significant as the apathy that prevails in the West over Taft's candidacy. Yes, the political pendulum is swinging Bryanward.—Grady County Express.

Mr. Roosevelt has kicked Chairman Hitchcock out of the way, ordered Taft onto the stump, laid his trusty pen where it's handy, is engaged in arranging an itinerary of his own, and otherwise is giving evidence of preparing to inject a little ginger into the campaign.—Oklahoma.

Close your eyes and try to put the tips of the fingers of your right hand on the tips of the fingers of your left hand. If you can do it you are not drunk; if you can't you are. You may have occasion to determine some time, and that's the way they do down in Georgia after six glasses of near beer.—Ardmoreite.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more sustaining strength. Without that the heart must continue to fail, and the stomach and kidneys also have less and less controlling power. This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and ailing nerve centers. It builds it up; it strengthens; it cures real, genuine heart help. If you would have strong hearts, strong digestion, strong nerves—re-establish them as needed, with

MINISTERS ARE STIRRED UP

Guthrie, Ok., Sept. 28.—Disclosures of a startling nature, with reference to a crusade planned by the Ministerial Alliance of this city against the municipal authorities for alleged failure to observe the law of decency and morality, were made this afternoon after the Rev. E. E. Fairchild, pastor of the M. E. church, had been subpoenaed to appear before County Judge Strang to testify to a sensational sermon delivered from his pulpit last night.

Revelation of the plans of the clergymen was made by a reporter for a local paper whose "copy" contained more than 100 ministers' names. A prominent member of the alliance is E. D. Canine, state school superintendent and pastor of the First Baptist church.

The Rev. Mr. Abernathy, pastor of the M. E. church, south, a new comer in the capital, is authority for the statement that a young woman of respectable character was taken to a resort recently and kept there all night. When she awoke in the morning she cried piteously and finally escaped. According to the minister's information the girl was arrested by a policeman and taken back to the resort.

Abernathy in a closed carriage took the girl from the house to the refuge home in the outskirts of the city. The young woman was but scantily clothed and heart-broken over her ruin.

The ministers are hearty in their denunciation of the chief of police, John Mitchell. They were preparing to make formal charges against his integrity, according to one of the alliance, but what effect the accidental publicity of the plans will have could not be predicted.

"I am indeed sorry the story got out today," said superintendent Cameron. "We were planning a systematic fight."

Testifying before Judge Strang this afternoon, the Rev. Mr. Fairchild denied many of his reported utterances. He quoted N. P. Belfrage's utterances. He is quoted by members of his congregation as denouncing the failure of Judge Strang to sentence Mayor C. M. Barnes, ex-governor, who was convicted over a month ago of gambling.

ALSO SENATOR OWEN.

His Name Appears on the Application With Haskell and Bixby.

Lincoln, Neb., Sept. 28.—Gov. Haskell of Oklahoma was defended today by United States Senator Robert L. Owen of Oklahoma in a speech, during which he declared that Tams Bixby, President Roosevelt's representative in Oklahoma, also signed his name to an application to the so-called Citizens' Alliance movement. "The photographs of the signatures to the application for membership in the so-called Citizens' Alliance," said Mr. Owen, "where Haskell's name appears at the top, has at the foot of the same page the name of Tams Bixby, chairman of the Dawes commission and the president's special representative in charge of Indian Territorial affairs during the whole of Roosevelt's administration up to the time of statehood. Bixby was not rebuked by the president, and he did not deserve a rebuke."

BRYAN ASKS FAVOR

Elkpoint S. D., Sept. 23.—Conducting a one-day campaign in South Dakota today, William J. Bryan poured volleys of criticism into the republican platform Mr. Taft and President Roosevelt. He covered a good deal of ground in the state and tonight stopped in Sioux City, Iowa, whence he will leave at 5 o'clock in the morning for Rock Island, Ill.

The expectation was to catch a night train for the Illinois city, but speeches along the line so delayed the democratic candidate that he could not make connection at Sioux City until in the morning. Mr. Bryan spoke several times, his principal remarks being at Mitchell, Yankton, Vermillion and Pierre. His arguments today were on the trusts, guaranty of bank deposits and publicity of campaign contributions before election. He denounced President Roosevelt, whom he said, had failed to land any trust magnate in the penitentiary. He criticized Taft for doing his platform. The fact that South Dakota was carried for the National ticket in 1896 was referred to by Mr. Bryan and he appealed for that support again on the ground that the democratic party promised real reform while the republican party could not be expected to do anything in that direction.

Large Crowds Turn Out.

At every place visited by the democratic candidate or where his train stopped for a short time he was met by a large and enthusiastic crowd. A strong wintery blast which did not seem to affect either the candidate or his audience. Observing at Mitchell that the windows of stores and houses were placarded with lithographs of himself Mr. Bryan in the course of his remarks there urged the people to remove them tonight and hang up in their stead pictures of Mr. Taft and thus "show him the same courtesy that you have shown me."

He said he took it for granted that the compliment paid him was not a private one, but it was to the fact that he was a candidate for the highest office he said and "one of us will be elected. As no one can tell yet with certainty which will be elected you had better take up both alike if you would be on the safe side."

LEADERS WARN ROOSEVELT

Washington, Sept. 23.—It is known that influential republican leaders have advised President Roosevelt not to make further reply to anything Mr. Bryan may have to say to him. It is also true that letters and telegrams from republicans in every doubtful state have been received at national headquarters protesting against the president writing more letters. Indeed, it was these letters from so many republicans in doubtful states which induced republican managers to advise the president not to write more, no matter how great be the provocation.

It is not known whether Mr. Roosevelt will heed the advice which has been given him. He does not realize, probably, that every time he writes a letter to Mr. Bryan the effect is to make the voters forget that such a man as Judge Taft is a candidate this year. In addition, it is recognized that Mr. Roosevelt does not wield as trenchant a pen as is shown by Mr. Bryan. A fact most signally illustrated by Mr. Bryan's letter published Sunday.

Opposition to Cannon.

Positive information has been received here to the effect that twelve republicans, members of congress who are candidates for re-election, have pledged themselves not to vote for Mr. Cannon for re-election to the speakership and to refrain from going into the caucus for the nomination of speaker if his name is to be presented. The names of the representatives who have given this pledge are not made public as it is feared it would injure them with Speaker Cannon when he goes to make up committees, if he should be chosen again, but they are said to be from Wisconsin, Minnesota, Iowa and Kansas. It is said other candidates for re-election have declared they will not vote for Mr. Cannon even though he receives the caucus nomination. If no more than a dozen republican members refuse to vote to make Mr. Cannon speaker again, his defeat would not be an unlikely matter. While Mr. Bryan may be defeated, it is not at all probable that the republicans will carry the next house by anything like the majority they now have, which approximates fifty.

"LET THE PEOPLE RULE,"

Appeal to Democrats for Bryan and Kern Campaign Fund, from the Democratic National Committee.

There are no secrets in this campaign. Strictly practicing what he preaches, Mr. Bryan would not win victory with tainted money paying the election expenses.

Not a dollar is to be accepted which requires any promise either express or implied other than for honest, impartial government.

Mr. Bryan is under the White House absolute fire from entangling alliances, to give all classes of honest citizens alike or he will not enter it.

Hence the course is plain. The campaign of Bryan and Kern must be conducted for the people. The people must put the necessary campaign expenses that want public servants who will serve their interests.

Special interests and favored classes, having secured "swollen fortunes" by purchasing favors in the past with millions contributed to control elections, stand ready to give millions more for continued favors. But that class never gives a dollar unless it buys a pledge.

Mr. Bryan says, from March 4th 1909, "Let the People Rule."

This can come only if the people pay their own bills, and control their own elections.

"Beware of the trusts bearing gifts."

That policy of the favored few buying a mortgage on the government meant that the candidate for president knew a few people only in an entire state.

Bryan says, "We will take the cause of people's rule home to the people in every county."

You can serve the grand cause of popular government through the columns of your paper. It reaches the fireside of the patriot who loves his country for his country's good as distinguished from the greedy possessor of swollen fortunes who loves his country only for his country's goods.

Sincerely,

NORMAN E. MACK, Chm.

Creek Council to Meet.

Okmulgee, Ok., Sept. 23.—The Creek council will meet Wednesday next in the old Creek capitol which has housed so many gatherings of the lawmaking body of the Creek nation ever since its erection in 1878. It is expected the council will be in session for 30 days. The interior department at Washington will be memorialized and resolute on many matters and it is thought some action will be taken at this session with reference to the disposition of the capitol building. Many favor it becoming the property of an historical society to be created to gather material of Indian interest.

GUFFEY IS ACCUSED.

Thought to Have Instigated Charges Against Haskell.

Philadelphia, Sept. 23.—There was a rumor current today that Colonel J. M. Guffey as a Standard Oil man had given the information to Mr. Hearst to expose Haskell. This was told to James Kerr who yesterday had a conference with National Chairman Mack in this city.

"How should I know?" was Mr. Kerr's answer when asked if he thought the report was true.

It was pointed out that Guffey could have taken no more effective means of striking back at Haskell and Bryan to settle old scores for what happened at Denver than to have placed the information at Hearst's disposal.

Mr. Kerr after leaving Mr. Mack who returned immediately to New York was not disposed to enter into any detailed discussion of the conference or the present Haskell troubles.

"Did you agree with Mr. Mack that Governor Haskell should be forced to resign?" Mr. Kerr was asked.

"If he is guilty he should resign."

"Do you think him guilty?"

"I do not know enough of the facts."

Mr. Kerr declared that he knew that the United States Steel Corporation was putting up funds to run Taft's campaign. He refused to go into details on the subject.

ACCIDENTALLY KILLS WIFE.

Was Leaving House to Shoot a Hawk.

Olathe, Ok., Sept. 23.—While ascending the steps of his half dugout at Fullerton this morning for the purpose of shooting at a hawk Wilson Logan accidentally shot and instantly killed his wife who was standing in the doorway. The weapon was a shotgun and the entire discharge of bird shot entered her breast. An inquest was held this afternoon and Logan was exonerated. Mr. and Mrs. Logan had been married but a few weeks.

Over 3,000 Men Killed.

Washington, D. C., Sept. 23.—Accidents in the coal mines of the United States during the last calendar year resulted in the death of 3,125 men and injury to 5,314 more according to statistics just made public by the geological survey. The death record among the coal miners during the year was greater by 1,033 than in 1905 and said to have been the worst year in the history of the coal mining industry. The figures do not represent the full extent of the disasters as the reports were not received from certain states having no mine inspectors.

Evangelist Against Taft.

Sulphur Springs, Okla., Sept. 23.—

"I am a republican and will always be a republican, but I can not vote for a man to rule whose relations deny the divinity and the resurrection of Christ. If Taft is a Unitarian and if Unitarians teach that Christ is not divine and was not the son of God then no Christian should vote for Taft. I can not give my sanction for any such man to rule me, for my faith in the divine son of God is my life's hope."

These words were spoken by the Rev. J. C. Redding of Atchison, Kan. in his sermon in the Presbyterian church here Sunday night. The Rev. Mr. Redding, who is holding a revival in this city, is an Irish evangelist and a member of the interdenominational association of evangelists of Wynona Lake, Ind.

Fiseco Agent is Killed.

Hugo, Ok., Sept. 23.—D. W. Scrozier, Fiseco agent at Jensen Junction, was run over and killed by a south-bound passenger train this morning. He was crossing a track near a freight train, the noise of which is presumed to have been responsible for his not hearing the passenger train, which does not stop at that station.

NO HARD STRUGGLE.

Many An Ada Citizen Finds the Struggle Hard.

With a back constantly aching, With distressing urinary disorders, Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Ada people endorse this claim: Mrs. Chas. Barrier, living on West 7th and Cherry Sts., Ada, Ok., says: "For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly refrain from crying out. Bending and straightening would always intensify his suffering. The kidney secretions were also irregular in action. These symptoms led him to believe that his kidneys were disordered and learning of Doan's Kidney Pills he procured a box at G. M. Ramsey's drug store. He took them according to directions, and the trouble entirely disappeared. He has had no return of kidney complaint since, and consequently thinks very highly of Doan's Kidney Pills."

announcement of retirement as treasurer of the national democratic committee. The invitations come from as far east as Massachusetts, and as far west as California. His disposition toward them has not been decided. Several days ago he was requested to make a speech in Dallas, Oct. 30, but declined. He was in receipt of a telegram from Dr. Rosser today requesting him to hold final decision until the latter's letter reached here. I. L. Stearns, president of the Bryan and Kern democratic club of Salem, Va., called personally today and extended an invitation to speak there.

"President Roosevelt will not be overlooked," said the governor when told of the president's letter to Mr. Bryan, published today, wherein some space was given Gov. Haskell, and added that he would give the communication, as far as it applied to him, attention tomorrow.

It was reported from Chicago that Gov. Haskell contemplated action against the president for utterances the latter is alleged to have made in correspondence heretofore given out. When asked what his course would be, the governor stated that he was having the matter looked up, desiring to first determine to just what extent the law protected a president of the United States. As to other persons alleged to have also used statements derogatory to him, the governor had nothing to announce.

"If president Roosevelt should come to Oklahoma to dip into the campaign," added the governor, "I would like to have him divide the platform time with me, and if it would be any inducement, I would be willing to pay his expenses to the state."

State Treasurer Menefee, who accompanied Gov. Haskell to Chicago last week and was present when his resignation was determined upon, returned to Guthrie today, and says that Mr. Bryan's chances have not been disturbed by the Haskell resignation. John B. Doolin of Alva, assistant treasurer of the National committee, it is understood, will return to Oklahoma.

CALL TO BRYAN DEMOCRACY

Democratic State and County Committeemen and Presidents of Local Democratic Clubs
Call Meeting.

The governor of Oklahoma, Hon. C. N. Haskell, through the operation of the Oklahoma brand of republican politics emanating from the White House through the utterances of his excellency, Theodore Roosevelt, has lately been slandered and maligned in a manner which reflects in particular on the integrity and intelligence of the people of Oklahoma who placed Mr. Haskell in the governor's chair by a majority of 30,000 votes.

William J. Bryan, the leading citizen of the nation, has been unwarrantedly, through coarsest subterfuge, the subject of vicious condemnation by the president, because of his love for Oklahoma as vouchsafed through his award of confidence in Oklahoma's governor.

In behalf of the integrity of our people, and in our regard for the

right kind of "moral uplift" and in honest indignation against those whether in high or low position, who would convict the governor of the state without proof or knowledge, of tainted or criminal action, and in further consideration that such attempt undertakes to reflect on William J. Bryan, we the undersigned democrats, call a meeting of all the democracy within reach to assemble at the court house this evening at 8 o'clock for the purpose of passing whatever resolutions and transacting whatever business its majority disposition should determine.

This the 29th day of September.

ATTEMPTED BRIBERY.

Salem, N. D., Sept. 28.—While traveling with William J. Bryan from Sioux Falls to Mitchell, former Senator R. F. Pettigrew today publicly announced that four years ago he had been approached by the republican national committee through a former United States senator with an offer of \$10,000 if he would deliver ten speeches at such places as the committee would dictate in support of the candidacy of Thomas Watson of Georgia, the People's party candidate for the presidency.

Mr. Pettigrew said that with the view to ascertaining what was behind the offer, he wrote his senator friend and asked him if the amount could not be increased to \$20,000, but the

reply was that they were not inclined to give one man that much. Senator Pettigrew declared that he declined the offer and conducted an investigation with the result that satisfied himself that the republican party financed in a large measure Mr. Watson's campaign.

Merchants should advertise liberally for trade this season. There are several competitors for business that should come to Ada, but it is not likely to do so without inducements. The Weekly News is a medium unsurpassed through which to reach this trade.

The News is rushed with work, but having superior facilities and an efficient force, it all can be handled, as well as any other work sent in. There are now twelve people employed in the News office, making it one of the important industrial factors of Ada.

The republicans declare that they will reform the tariff and do most of the other things that Bryan promises to do and then they bob up with the question: What could Mr. Bryan accomplish with a republican senate? Surely these patriotic statesmen in the senate wouldn't vote against their convictions just to spite Mr. Bryan.—Grady County Express.

The republicans are not sincere

in their professions for tariff reform. They tell the protectionist that the republican party is their friend, so entitled to the support of the special interests, while to the people, the assertion is made that the republican party favors tariff revision.

There is no let up throughout the state in the agitation for better dirt roads. It has been clearly demonstrated that good roads are the means of advancing the farming interests and take from the shoulders of the farmers the heaviest tax that they have to pay. Co-operation on the part of the business men, the people living along any highway and the county commissioners will result in a wonderful improvement in the condition of the roads leading into any town.—Denison Herald.

A truth that cannot be too often told and in addition to the comfort, convenience and advantage of good dirt roads, is the improvement started in other directions. With good roads, come better houses, well-kept premises and signs of thrift on every hand. Painting is done, whitewashing freely used, flowers and shrubbery planted, orchards put out, and better stock is kept, because the work is not so hard. Good roads are great civilizers and developers.

ADA TITLE AND TRUST CO., AGENTS

MCNETT TO SPEAK FOR BRYAN

Chicago, Ill., Sept. 28.—Francis S. McNett, former attorney general of Ohio, came to Chicago today to take the stump for W. J. Bryan and contributed to the political literature of the day a most interesting production—his opinion of W. H. Taft as a "trust buster."

Until Mr. Haskell had been eliminated from the management of the democratic campaign, Mr. McNett did not volunteer to take the stump for Mr. Bryan.

Now he regards the Haskell matter as a "closed incident," and is content to await the outcome of a fair trial.

Four years ago, as an inveterate foe of trusts, he supported Roosevelt. Now he is an ardent Bryan advocate, for the following reasons, as he tersely expressed them:

"W. H. Taft is honest, but lacks initiative, and, in my opinion, would do nothing to destroy the trusts if elected president."

"For twelve years he was judge of the federal court in Ohio, where the mother of all trusts was growing up, corrupting the state courts and the legislature, and he did nothing to prevent it, although as judge instructing grand juries, he had more direct power than he would have as president."

"For fifteen years he has been socially intimate with the men that run trusts: has dined and dined with them."

"While Mr. Taft was at the club, the trust weeds grew up in his front yard. He did nothing to cut them down, and his record gives me good ground for predicting that he would do nothing is president."

National Convention of Unemployed.

New York, Sept. 28.—An extraordinary gathering began here today, made up of delegates from various parts of the country, to take part in a four days' conference. They came on the brake-beams of freight cars, on the blind baggage of the swift express or staggered in over dusty roads. They profess to represent the country's workless and to constitute the "first National convention of the unemployed."

Do not fail to be on hand at the Democratic mass meeting tonight. It is for all William J. Bryan and democrats.

MANY DEATHS AT OKLAHOMA CITY.

Eleven There Within the Past Two Weeks.

Oklahoma City, Sept. 29.—Hidden beneath a clump of persimmon branches on a vacant lot at the corner of Russell and Reno streets, 150 yards north of the circus grounds, near Delmar Garden, the dead body of an unidentified man was found Saturday afternoon by George Swanda, 13-year-old son of Frank Swanda, who resides at the corner of Clegren and Reno. It is believed that the stranger was murdered while the Rimling circus was here, last Wednesday.

This makes the eleventh death from unnatural causes in Oklahoma City within the last two weeks.

PRESS COMMENT.

Of course it is not incumbent on the president of the United States to remain perfectly cool during a hot campaign, but he certainly is expected to keep his shirt on.—Dallas News.

The enthusiasm with which Mr. Bryan was greeted in the East was equally striking and significant as the apathy that prevails in the West over Taft's candidacy. Yes, the political pendulum is swinging Bryanward.—Grady County Express.

Mr. Roosevelt has kicked Chairman Hitchcock out of the way, ordered Taft onto the stump, laid his trusty pen where it's handy, is engaged in arranging an itinerary of his own, and otherwise is giving evidence of preparing to inject a little ginger into the campaign.—Oklahoma.

Close your eyes and try to put the tips of the fingers of your right hand on the tips of the fingers of your left hand if you can do it you are not drunk; if you can't your are. You may have occasion to determine some time, and that's the way they do down in Georgia after six glasses of near beer.—Ardmoreite.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. My mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Heart Strength

Heart strength, or Heart weakness, means Nerve strength, or Nerve weakness—nothing more. For a healthy, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more vitality, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have less nerve controlling power. This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpating, misbehaving heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds up its strength; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed.

MINISTERS ARE STIRRED UP

Guthrie, Ok., Sept. 28.—Disclosures of a startling nature, with reference to a crusade planned by the Ministerial Alliance of this city against the municipal authorities for alleged failure to observe the law of decency and morality, were made this afternoon after the Rev. E. E. Fairchild, pastor of the M. E. church, had been subpoenaed to appear before County Judge Strang to testify to a sensational sermon delivered from his pulpit last night.

Revelation of the plans of the clergymen was made by a reporter for a local paper whose "copy" contained more than the ministers cared to divulge. A prominent member of the alliance is E. D. Cameron, state school superintendent and pastor of the First Baptist church.

The Rev. Mr. Abernathy, pastor of the M. E. church, south, a new comer in the capital, is authority for the statement that a young woman of respectable character was taken to a resort recently and kept there all night. When she awoke in the morning she cried pitifully and finally escaped. According to the minister's information the girl was arrested by a policeman and taken back to the resort.

Abernathy in a closed carriage took the girl from the house to the refuge home in the outskirts of the city. The young woman was but scantily clothed and heart-broken over her ruin.

The ministers are hearty in their denunciation of the chief of police, John Mitchell. They were preparing to make formal charges against his integrity, according to one of the alliance, but what effect the accidental publicity of the plans will have could not be predicted.

"I am indeed sorry the story got out today," said superintendent Cameron. "We were planning a systematic fight."

Testifying before Judge Strang this afternoon, the Rev. Mr. Fairchild denied many of his reported utterances. He is quoted by members of his congregation as denouncing the failure of Judge Strang to sentence Mayor C. M. Barnes, ex-governor, who was convicted over a month ago of gambling.

ALSO SENATOR OWEN.

His Name Appears on the Application With Haskell and Bixby.

Lincoln, Neb., Sept. 28.—Gov. Haskell of Oklahoma was defended today by United States Senator Robert L. Owen of Oklahoma in a speech, during which he declared that Tams Bixby, President Roosevelt's representative in Oklahoma, also signed his name to an application to the so-called Citizens' Alliance movement.

"The photographs of the signatures to the application for membership in the so-called Citizens' Alliance," said Mr. Owen, "where Haskell's name appears at the top, has at the foot of the same page the name of Tams Bixby, chairman of the Dawes commission and the president's special representative in charge of Indian Territorial affairs during the whole of Roosevelt's administration up to the time of statehood. Bixby was not rebuked by the president, and he did not deserve a rebuke

BRYAN ASKS FAVOR

Elkpoint S D, Sept 28—Conducting a one-day campaign in South Dakota today William J Bryan poured volleys of criticism into the republican platform Mr Taft and President Roosevelt He covered a good deal of ground in the state and to night stopped in Sioux City, Iowa whence he will leave at 5 o'clock in the morning for Rock Island Ill

The expectation was to catch a night train for the Illinois city, but speeches along the line so delayed the democratic candidate that he could not make connection at Sioux City until in the morning Mr Bryan spoke several times his principal remarks being at Mitchell Yankton Vermillion and Peirce His arguments today were on the trust guaranty of bank deposits and publicity of campaign contributions before election He denounced President Roosevelt whom he said had failed to land any trust magnate in the pe Rentiary He criticised Taft for doing his platform The fact that South Dakota was carried for the National ticket in 1896 was referred to by Mr Bryan and he appealed for that support again on the ground that the democratic party promised real reform while the republican party could not be expected to do anything in that direction

Large Crowds Turn Out.

At every place visited by the democratic candidate or where his train stopped for a short time he was met by a large and enthusiastic crowd a strong wintry blast which did not seem to affect either the candidate or his audience Observing at Mitchell that the windows of stores and houses were placarded with lithographs of himself Mr Bryan in the course of his remarks there urged the people to remove them tonight and hang up in their stead pictures of Mr Taft and thus "show him the same courtesy that you have shown me"

He said he took it for granted that the compliment paid him was not a private one but it was to the fact that he was a candidate for the highest office he said and "one of us will be elected As no one can tell yet with certainty which will be elected you had better back up both alike if you would be on the safe side"

LEADERS WARN ROOSEVELT

Washington, Sept 28—It is known that influential republican leaders have advised President Roosevelt not to make further reply to anything Mr Bryan may have to say to him It is also true that letters and telegrams from republicans in every doubtful state have been received at national headquarters protesting against the president writing more letters Indeed it was these letters from so many republicans in doubtful states which induced republican managers to advise the president not to write more no matter how great be the provocation

It is not known whether Mr Roosevelt will heed the advice which has been given him He does not realize, probably, that every time he writes a letter to Mr Bryan the effect is to make the voters forget that such a man as Judge Taft is a candidate this year In addition, it is recognized that Mr Roosevelt does not wield as trenchant a pen as is shown by Mr Bryan a fact most signally illustrated by Mr Bryan's letter published Sunday

Opposition to Cannon.

Positive information has been received here to the effect that twelve republicans members of congress who are candidates for re-election, have pledged themselves not to vote for Mr Cannon for re-election to the speakership and to refrain from going into the caucus for the nomination of speaker if his name is to be presented The names of the representatives who have given this pledge are not made public as it is feared it would injure them with Speaker Cannon when he goes to make up committees if he should be chosen again, but they are said to be from Wisconsin, Minnesota Iowa and Kansas It is said other candidates for re-election have declared they will not vote for Mr Cannon, even though he receives the caucus nomination If no more than a dozen republican members refuse to vote to make Mr Cannon speaker again his defeat would not be an unlikely matter While Mr Bryan may be defeated it is not at all probable that the republicans will carry the next house by anything like the majority they now have, which approximates fifty

"LET THE PEOPLE RULE."

Appeal to Democrats for Bryan and Kern Campaign Fund, from the Democratic National Committee.

There are secrets in this campaign. Strictly practicing what he preaches, Mr Bryan would not win victory with limited money paying the election expenses

Not a dollar is to be accepted which requires any promise either express or implied other than for honest, impartial government

Mr Bryan is in the White House also, a voice from entangling alliances, to give all classes of honest citizens alike or he will not enter it

Hence the course is plain The campaign of Mr Bryan and Kern must be conducted by the people

The people must pay the necessary campaign expenses. They want public servants who will serve their interests

Special interests and favored classes, having secured swollen fortunes by purchasing favors in the past with millions contributed to control elections, stand ready to give millions more for continued favors But that class never gives a dollar unless it buys a pledge

Mr Bryan says, from March 4th 1909, 'Let the People Rule'

This can come only if the people pay their own bills and control their own elections

'Beware of the trusts bearing gifts'

That policy of the favored few buying a mortgage on the government meant that the candidate for president knew a few people only in an entire state

Bryan says We will take the cause of peoples rule home to the people in every county

You can serve the grand cause of popular government through the columns of your paper It reaches the fireside of the patriot who loves his country, for his country's good as distinguished from the greedy possessor of swollen fortunes who loves his country only for his country goods

Creek Council to Meet.

Okmulgee Ok Sept. 28—The Creek council will meet Wednesday next in the old Creek capitol which has housed so many gatherings of the lawmaking body of the Creek nation ever since its erection in 1878 It is expected the council will be in session for 30 days The interior department at Washington will be memorialized and resolved on many matters and it is thought some action will be taken at this session with reference to the disposition of the capitol building Many favor it becoming the property of an historical society to be created to gather material of Indian interest.

GUFFEY IS ACCUSED.

Thought to Have Instigated Charges Against Haskell.

Philadelphia Sept 28—There was a rumor current today that Colonel M Guffey as a Standard Oil man had given the information to Mr Hearst to expose Haskell This was told to James Keir who yesterday had a conference with National Chairman Mack in this city

'How should I know?' was Mr Keir's answer when asked if he thought the report was true

It was pointed out that Guffey could have taken no more effective means of striking back at Haskell and Bryan to settle old scores for what happened at Denver than to have placed the information at Hearst's disposal

Mr Keir after leaving Mr Mack who returned immediately to New York was not disposed to enter in to any detailed discussion of the conference or the present Haskell troubles

Did you agree with Mr Mack that Governor Haskell should be forced to resign? Mr Keir was asked

'If he is guilty he should resign'

Do you think him guilty?

I do not know enough of the facts

Mr Keir declared that he knew that the United States Steel Corporation was putting up funds to run Taft's campaign He refused to go in to details on the subject

Evangelist Against Taft.

Sulphur Springs, Okla, Sept 28—'I am a republican and will always be a republican, but I can not vote for a man to rule whose relations deny the divinity and the resurrection of Christ If Taft is a Unitarian and if Unitarians teach that Christ is not divine and was not the son of God then no Christian should vote for Taft I can not give my sanction for any such man to rule me, for my faith in the divine son of God is my lifes hope

These words were spoken by the Rev J C Redding of Atchison Kan in a sermon in the Presbyterian church here Sunday night The Rev Mr Redding, who is holding a revival in this city is an Irish evangelist and a member of the interdenominational association of evangelists of Wynona Lake Ind
